What We Work On

- Loose leash walking
- Sit, Down, Place, Recall
- Public behavior and neutrality
- Confidence building
- Impulse control
- Real-life obedience

Why This Works

This program creates consistent repetition in real environments, which is where most dogs struggle, not in the living room.

It is the closest thing to a Board and Train without removing your dog from home.

Important Notes

- Dog must be safe for public handling
- Moderate to severe behavior cases may require upgraded pricing
- Owner follow-through is required for long-term success
